Highway 18 West, Utica, Mississippi 39175 ~ debra.mays-jackson@hindsc.edu

Organization

Dating back more than 100 years, the Utica Campus, on Highway 18 in Utica, has a rich heritage and has evolved into a progressive college location with all the perks of a complete campus environment. The Utica Campus of Hinds Community College, formerly Utica Junior College, has a long history of serving our community. Utica Junior College was founded in 1903 as Utica Normal and Industrial Institute and is the oldest of the six Hinds locations. Utica Junior College merged with the Hinds Community College District in 1982 but retains its Historically Black College & University (HBCU) designation and traditions. Not only does the Utica Campus offer choices in academic, technical and career programs, it also provides transportation to class for students in the surrounding area.

Mission Statement

The mission of Hinds Community College, a public comprehensive community college, is to offer high quality education through relevant and diverse programs and resources for persons with various interests and abilities by:

- Providing academic college transfer programs that lead to an associate degree and fulfill the first two years of a bachelor's degree.
- Providing career/technical programs that respond to industry and community needs and lead to professional credentials, a certificate, and/or an Associate in Applied Science degree.
- Providing continuing education programs for adults in the community that enhance cultural enrichment and promote lifelong learning.
- Providing customized training or short courses, seminars, and workshops for business, government, social, and civic entities that results in organizational improvement, promotes economic growth, and meet educational and service needs.
- Providing dual credit, dual enrollment, and basic education courses and programs that cultivate academic success leading to high school equivalency or entry to college-level courses.

Academic Program – Dr. Marquise Loving, Dean – MLLoving@hindsc.edu – 601-885-7004

The Utica Campus offers a variety of academic courses for students to choose from. Students who intend on transferring to a university can first complete their Associate of Art degree at the Utica Campus of Hinds Community College by taking general studies courses in areas such as English, Sciences, Mathematics, History, Fine Arts, Sociology, Psychology, Speech, and more. Our academic courses are taught by quality faculty with advanced degrees and many years of experience in their field. Face-to-face, online, and hybrid courses are also offered to meet the needs of our students. We care about our students' success and offer tutoring and intervention services to our students in English, reading, science and mathematics at no charge. High school students can even get ahead through dual enrollment or dual credit courses by enrolling in Hinds Community College courses while still in high school.

University Partners

Jackson State University – School of Science, Engineering & Technology
